

Field investigations along Avoca Dr, Kincumber from Monday 22 January 2024

Avoca Drive upgrade, Kincumber

January 2024

Australian Government

Transport for NSW acknowledges the Darkinjung people of the XX Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is carrying out field investigations at Kincumber on and around Avoca Drive between Boora Boora and Joalah roads, to inform future road work and planning.

What work are we doing?

The field investigations include detailed engineering surveys of the drainage systems and underground services.

When and where we'll be working

We will be working intermittently in your area from **Monday 22 January 2024 for up to six weeks**, weather permitting.

We will be working between **7am and 5pm from Monday to Friday**.

Some night work will be required, between **7pm and 5am Monday to Friday**.

We have included a map to show the investigation area where the surveys will be carried out.

What will this mean for you?

You may notice workers on site as well as temporary footpath closures with pedestrian detours in place.

Work will involve vehicles moving on-site that generate a small amount of noise and light. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Driveway access will be maintained at all times.

Traffic changes

There may be temporary traffic changes to ensure the work zone is safe for workers and road users.

Shoulder closures with traffic control and a reduced 40km/h speed limit may be in place as required during work hours.

Thank you for your patience during this important work.
